To Whom It May Concern:

Mark Clevenger has been the computer consultant for Logo Design Graphics for over 10 years. He has advised us in the purchase of our Macintosh and Windows PC network, trained us on the use of the computers and applications, including Microsoft Office, and solved all of our computer problems. His customer service is excellent and he is a pleasure to work with.

We have collaborated on several projects and I have found Mark to be creative, innovative, and effective. I have recommended his services to numerous others over the years, and they have consistently been pleased with his work. It is the pleasure of Logo Design Graphics and Invitation Professionals to highly recommend the services of Mark Clevenger.

Please feel free to call us at 360-574-1414 if you have any questions.

Sincerely,

George and Mary Schwary
Logo Design Graphics
and
Invitation Professionals
